

Centre pull dispenser midi plastic black

It holds good in any work environment: accidents will happen. But fortunately the solution comes without calling for. With this PlastiQline centre pull dispenser you always have cleaning paper at hand.

Like the entire dispenser line of PlastiQline this centre pull dispenser for midi rolls is made of plastic. Beautifully shaped plastic that is both strong and affordable. Suitable for intensive use on the shop floor, whether it is a hospital environment or a production area. You get a 2 year guarantee, that says enough.

Are you looking for a sturdy plastic centre pull dispenser? Ask for a quote for this PlastiQline dispenser!
