

# Glove dispenser TRIO white

Product sheet

In the medical sector the use of latex gloves is equal to optimal hygiene. Something everybody is careful about. A useful, professional glove dispenser is indispensable then. They had a good think about the design of the mediQo-line trio glove dispenser. As Intensive use demands a solid mounting and optimal functionality. The dispenser - with four points mounted on the wall(!) - can have three boxes, which are placed forward with the open side. As a result, the user can pull the gloves in a single motion from the box. Have available a large supply of latex gloves all the time? Ask here the quote for the MediQo-line trio glove dispenser.
