

# Hand towel dispenser large plastic black

Soaking wet, but clean hands always know what to do with the PlastiQline towel dispensers. It is very easy to take a paper towel to dry your hands. Very convenient: that is the advantage of PlastiQline.

This towel dispenser is for C and Z-fold paper towels. Do you ever decide to choose interfold towels, simply purchase the adaptor plate. For that matter, it is not a bad investment. On the contrary. You are going to have a strong and functional towel dispenser at your disposal, which is also universally refillable.

We can imagine that you are curious about the price. So ask for a quote!
