

# Hand towel dispenser small aluminium white, HS 15 P - ingoman version

If you like clean and dry hands, a good towel dispenser should be part of your washroom. From now on you will always have, thanks to the MediQo-line towel dispenser, plenty of folded towels on hand. The first thing to notice with this small towel dispenser is the sleek design. The subtle appearance of the body can be combined usefully with any interior. The ease of use is optimal: the dispenser is for 150 to 500 folded towels, which are dispensed from the bottom. The towels can be replenished via the removable cover on the front. Do you always like to have sufficient folded towels? That is possible with the MediQo-line towel dispenser. Ask for the quote.
