

Interfold adapter

Product sheet

Do you love to pick a Qbic-line towel dispenser, but do you want to use interfold towels? Then, this adaptor plate is the solution. You transform the Qbic-line QPT3 towel dispenser into a convenient interfold towel dispenser with this adaptor plate. It is easy to pull one folding towel through the oval opening of the dispenser. The adaptor plate is made in such a way that it is done effortlessly. The additional feature takes up little space, leaving space in the towel dispenser for approximately 420 interfold towels. Combine the look of a Qbic-line towel dispenser with the convenience of interfold towels. Ask for a quote!
