

Jumbo roll dispenser small black

Product sheet

If you select this jumbo roll dispenser you are showing a great deal of nerve. The black powder-coated housing immediately draws the toilet visitor's attention. When combined with a good supply of toilet paper you are offering your guests a visit to the toilet that they will never forget. The design may be striking but the designers by no means lost sight of the practical aspect as the mini jumbo roll dispenser can hold a substantial amount of toilet paper and, in addition to that, is easy to use. A quick look at the useful viewing slot on the front of the dispenser will tell you if any new toilet paper is required. Feel like going for a regular eye catcher?
