

Soap dispenser automatic 1000 ml stainless steel white

Do you value hygiene and convenience? Then read on.††The Mediclinics soap dispenser is hygienic and easy to use. Thanks to the infra-red sensor, contact with the dispenser is not necessary and just the right amount of soap is delivered. The viewing pane on the dispenser makes it easy to check the contents. If the dispenser is empty, the refill bottle can be removed. Everything can be kept clean. The refill can also be inserted from above. This dispenser is suitable for wall mounting and it is battery operated. In addition to hygiene and convenience, an automatic soap dispenser also creates a luxurious look.††Do you want to give your sanitary facilities a luxurious and hygienic appearance?
