

Toilet roll holder stainless steel

Product sheet

First and foremost, a toilet roll holder must be functional. But if you add a good design you will also show your guests that you greatly value style. This MediQo-line toilet roll holder perfectly combines a functional use with an exclusive design. If you enjoy great detail, it shouldn't take long to make up your mind and go for MediQo-line. The unique design is the crÈme de la crÈme where sanitary accessories are concerned. So in that respect, this 1-roll stainless steel toilet roll holder leaves nothing to be desired. The taut-lined flap encloses the roll seamlessly. The advantage is that the system is self-locking, which means that it will stop rolling as soon as your guest has sufficient toilet paper.
