

Toilet seat cleaner 600 ml

Product sheet

The last thing you would want to see in a public sanitary area are the remnants of your predecessor. Using the SanTRAL spray dispenser/toilet cleaner will always ensure that your guests will make use of a hygienically clean toilet seat.

When choosing for the SanTRAL line you choose for optimal functionality as well as a striking design. The robust stainless steel housing of the SanTRAL spray dispensers will immediately draw attention in any spotlessly clean white toilet area.† It is easy to use just push the stainless steel lever down to activate the dispenser to drop just the right amount of alcohol on your hands or a cloth. This subtly designed spray dispenser contains 600 ml of alcohol.

Optimal hygiene in an elegant wrapping? Inquire about our 600 ml Spray Dispenser/Toilet Seat Cleaner.
