

Sanitary bag dispenser

Product sheet

Practical can also be beautiful. That proves the design of this sleek stainless steel sanitary bag dispenser. This design immediately strikes the eye because of the sleek lines and simple round opening. Clear evidence that simplicity can be beautiful.

The designers of this sanitary bag holder know what subtlety is. The design of this holder is totally aimed at hiding the plastic bags from view in a subtle way. The sanitary bags are neatly hidden behind a sleek stainless steel front† with a special anti-finger coating. This allows the dispenser to have a fresh and hygienic look.
