

Toilet brush holder stainless steel

Product sheet

As a host you attach great value a clean and a washroom well taken care of. A washroom in which your guests do not face unhygienic spots or stripes. The Mediclinics toilet brush† offers the solution.

A toilet brush holder may be especially useful, but it remains an eye-catching accessory. The designers have therefore paid special attention to the design of the toilet brush. The elegant design shows that even the simplest accessories deserve a stylish look. The practical white brush is designed in such a way that the dirt can be removed easily and efficiently. So it is possible for every guest to leave a clean washroom behind after use.
