

Waste bin 50 litre stainless steel

Product sheet

There are those peak times when everyone suddenly needs to go to the toilet. You want your washroom to be clean and tidy then, too. The stainless steel Dutch Bins waste bin offers enough space to handle all the waste even during peak hours.

A star in sleek design, this bin. With a contemporary design and sturdy stainless steel look this bin is a fine addition to the Dutch Bins products line. The exceptionally large capacity of this waste bin makes it ideal for large washrooms.† The easily operable push lid allows rapid handling of tissues and other waste. In short, a stylish and practical addition to your washroom.
